

# WIN WITHOUT WAR

**We are concerned residents of Berkshire County who share the belief that Saddam Hussein cannot be allowed to possess weapons of mass destruction. We support rigorous UN weapons inspections to assure Iraq's effective disarmament.**

**We believe a military invasion of Iraq will damage our economy, increase human suffering, and further undermine our moral standing in the world. And it will make us less secure.**

**Disarming Saddam Hussein can be achieved through legal and diplomatic means. Let us win without war. Let us devote our resources to improving the security and the well-being of us all.**
